The purpose of this role is to drive the Business Partner function within the IDWALA group, with particular focus on the Business Partnering strategy implementation with regards to budgeting, forecasting, business analytics and reporting.

KEY PERFORMANCE AREAS:

- Compiling budgets and forecasts
- Managing budget and forecasts process
- Providing support and insight into budget and forecast process
- Continuously improve budget and forecast process
- Assessment and validation of CAPEX feasibility and other projects
- Managing variable product cost process
- Stock, stores and raw material valuation and reconciliation
- Product and line of business costing
- Analysing business results
- Proactively investigating variances to plan through analysis and liaise with key site contacts
- Providing decision and project support for Finance, Site Management, Operations and Senior Management
- Identifying improvement opportunities to site costs
- Monitoring operating unit performance
- Reasonability review & sign off results and financial statements
- Internal control review
- Compile monthly, quarterly and annual information / reports
- General financial modelling and analytical tasks
- Assessment and analysis of new business opportunities (including process implementation)

REQUIREMENTS:

- B. Comm Accounting or Financial Management Honours or equivalent (CIMA and or CA (SA) advantageous)
- 3 years + experience in a similar position within a production environment
- Excellent working knowledge of MS and in particular MS Excel (including formulas and Pivot tables)
- Business Intelligence Software Experience beneficial (IBM Cognos and IBM TM1)
- Willing to travel to all Idwala operations

HOW TO APPLY:

Applications (accompanied by certified copies of qualifications) should be directed via e-mail to hrecruitment@idwala.co.za
When submitting an application, please use "F**inance Business Partner"** in the subject line of your email.

Closing date: 12 March 2026

Recruitment for this position will be conducted with the intention of progressing our Employment Equity policy, targets and objectives. The Company reserves the right not to fill this position.
